## Exam Registration

Each candidate must register for the exam via [Now Learning](#) after successfully completing the Agile and Test Management 2.0 Micro-Certification prerequisite training path. The exam is available directly through [Now Learning](#) as a non-proctored, 60-minute exam.

## Exam Structure

The exam consists of approximately (20) questions. For each question on the examination, there are multiple possible responses. The person taking the exam reviews the response options and selects the *most correct* answer to the question.

### Multiple Choice (single answer)

For each multiple-choice question on the exam, there are four possible responses. The candidate taking the exam reviews the response options and selects the one response most accurately answers the question.

### Multiple Select (select all that apply)

For each multiple-select question on the exam, there are at least four possible responses. The question will state how many responses should be selected. The candidate taking the exam reviews the response options and selects ALL responses that accurately answer the question. Multiple-select questions have two or more correct responses.

## Exam Results

After completing and submitting the exam, a pass or fail result is immediately calculated and displayed to the candidate. More detailed results are not provided to the candidate.

## Exam Retakes

A candidate is allowed up to three retakes for a Micro-Certification. Failing a Micro-Certification exam four times will require you to re-complete the required paired training content. There will be a 24-hour waiting period after each failed attempt to ensure you have the proper time to prepare.
